

## RULES & REGULATIONS FOR COURSE SELECTION – SCHOLARSHIP CATEGORIES

### 1. Course Selection Process Based on Merit Rank

Escent Institute's scholarship selection process prioritizes academic merit while ensuring a fair opportunity in course selection. The entire process will be strictly based on the merit list prepared through the entrance examination.

### 2. Category-Wise Course Selection Rules

#### *Category 1 – Top 10 Students (100% Scholarship)*

- a. The first top 10 students in the merit list will be eligible for a 100% course fee waiver.
- b. Course selection will follow the order of the merit list.
- c. The highest-merit student in Category 1 can select any course offered in the scholarship.**
- d. Likewise subsequent merit students from 2nd to 10th will choose their interested courses from the remaining available courses within this category or the lower scholarship categories which are 70%, 50%, 40%, 30%, and 20%.

#### *Category 2 – Top 11–20 (70% Scholarship)*

- a. The same process as Category 1 will be followed.
- b. A higher merit student from Category 1 can choose a course from this category, resulting in the unavailability of that course for Category 2 students.
- c. For example, if a Category 1 higher merit student selects a course from this category, that particular course will no longer be available for students in Category 2.**
- d. However, a student in Category 2 who intended to choose that same course may proceed to select it under the 50% or remaining available categories, if seats are available.

#### *Category 3 – Top 21–30 (50% Scholarship)*

- a. The same merit-based course selection process applies.
- b. If a student's preferred course is already filled, they must select from the remaining courses in this category or from lower categories.

#### *Category 4 – Top 31–40 (40% Scholarship)*

- a) The same merit-based course selection process applies.

#### *Category 5 – Top 41–50 (30% Scholarship)*

- a) The same merit-based course selection process applies.

#### *Category 6 – Top 51–100 (20% Scholarship)*

- a. The same merit-based course selection process applies.
- b. Students from these categories are not permitted to claim in a higher discount category.

### 3. Waiting List Students

- a) Waiting list students will be offered admission based on their merit list if any selected candidate withdraws from the scholarship programme.
- b) Admission from the waiting list will start from the lower categories.
- c) Waiting list students must be present on the counselling day to avail the opportunity.

### 4. Important Notes on Course Selection

- a) Absence on the counselling day will result in automatic cancellation of the scholarship offer, and the seat will be allotted to a waiting list student.
- b) Scholarship students must complete the admission process during the counselling session, including payment as per the scholarship fee structure provided.
